Vancouver, BC – On April 27th THE MEGAHAIR FAMILY hosted their 8th Annual "DAYMAKER DAY". This extraordinary event touched the lives of over 200 children, parents and their caregivers at the following facilities for children throughout Metro Vancouver: BC Children's Hospital, Ronald McDonald House, Easter Seal House and Sunny Hill Health Centre for Children.

Numerous employees from THE MEGAHAIR FAMILY'S 19 Metro Vancouver spa and salon locations volunteered their time to ***make someone's day!*** Children, parents as well as the caregivers were all pampered with complimentary stress relieving treatments, polish applications, hand massages, haircuts and styling by the 'Daymakers' that participated in this heartwarming event.

SOS Children's Village BC, a facility that has participated in DAYMAKER DAY since its inception, will host Megahair Family 'Daymakers' on May 18th, 2010.

Milajne Soligo, President of THE MEGAHAIR FAMILY believes that "Daymaker Day is an extension of what the beauty industry does for people daily -changing lives by selflessly giving and providing an experience that improves the way people feel on the inside, which is truly amazing. Daymaker Day is one of the most rewarding days for THE MEGAHAIR FAMILY. By simply interacting and seeing someone smile, with the knowledge that you brought on their joy with your time, is truly priceless."
